Have received MORE SPAM than cemetery reports in 2013 which has crippled response times to questions, reports and concerns about Louisiana Cemeteries. The angelfire site is back up as of this morning. Still working on adding a Captcha to the website form.

Public discussions are being limited to the Ancestry message board, Rootsweb mailing list or Facebook page. Access to the wiki is public, but joining or changing pages will not be available.

Updating <http://louisianacemeteries.100webspace.net/> with 2013 reports soon.

There were FIVE reports made during the 2013 year including ONE response necessary from the Asst. Attny General.

LOPEZ CEMETERY - Planned to work with local state Representative with regards to private family cemetery law.

FARQUHAR - Headstone resetting (Vincent Cemetery)

PIKES PEAK - Abandoned, neglected report - LAND OWNER DESTROYED

EVANGELICAL METHODIST CHURCH- Simmespoert Louisiana was sold to a private individual. Concerns over access.

EMAIL from Asst. Attny General with regards to FARQUHAR cemetery.
